**New Traditional
DINING TABLE (779-306)**

Want to increase seating space at this remarkable table? Spin the (almost) round top and the six Cerejeira crotch veneers glide apart and outward, making room for six random-match Cerejeira veneered extensions. The pedestal rests on a concave-sided square base, which in turn rests on four cool, chrome-finished feet. Available in Group 1 and Group 2 finishes.

DIMENSIONS

OUTSIDE

width= 60 in
depth=60 in
height=30.25 in

Apron Height: 26 sq.ft.

volume= 85 cft
weight= 518 lb

WOOD

Maple solids and Cerejeira
Crotch veneer

The icon when present indicates this finish is available with our **Hand Waxing** Option.

Hand Waxing brings out the luster in fine wood finishes. A skilled artisan applies a special formulation of wax and rubs it to a high sheen. The formula, which contains beeswax and carnauba, produces a long-lasting shine which brings out the depth of complex multi-step finishes.

The icon when present indicates this finish is available with our **Leafing** and **Dry Brushing** Options.

Leafing - Thin foil sheets of silver or gold leaf are applied by hand to accent design details such as carvings and mouldings. They are worn through and burnished to a fine patina to simulate aging.

Dry Brushing - A gold or silver paint is made by combining a mixture of gold or silver powder to a clear glaze or gloss lacquer. The brush is dipped in the mixture, then is brushed on an absorbent surface until it is nearly dry. Only then is it applied to furniture. As a result, it is more subtle than leafing.
